## **Instructions to Certifying Officer**

Persons who are serving or have served honorably under specified conditions in the Armed Forces of the United States, inclusive of the reserve components of the Armed Forces of the United States, are granted certain exemptions from the general requirements for naturalization. The law requires such service to be established by a duly authenticated copy of the records of the executive department having custody of the record of service, showing whether the service man or woman served honorably in an active-duty status, reserve-duty status, or both, and whether each separation from the service was under honorable conditions. For that purpose, the certified statement on Pages 2, 4, and 6 of this form, executed under the seal of your department, is required and should cover not only the period(s) of service shown above, but also any other periods of service (active, reserve, or both) rendered by the service man or woman.
